

STOCK MARKET

Although the VN-Index rose to the 1,333 threshold in the morning session, selling pressure at this level pushed the index back down to close at 1,326.15 points, nearly unchanged from yesterday. Market breadth tilted to the negative side, with 14 out of 18 sectors declining, led by the Information Technology and Media sector. On the other hand, the Real Estate and Banking sectors continued to provide support to the market. Regarding foreign investor activity, they were net sellers on both the HSX and HNX exchanges today. Risk is increasing as the VN-Index has closed below 1,330 for two consecutive sessions. The index may continue to retreat to the 1,315 – 1,320 range and test support at this level.
